

## PMP to deliver the next **IntelliJet V™** headbox to the Indonesian paper mill

After the successful delivery of the new Intelli-Jet V™ headbox at the beginning of 2007, one of the leading paper company in Indonesia, decided to choose PMP as a supplier of the next products. The group is one of the world's leading pulp and paper companies and is ranked the largest vertically integrated pulp & paper producer in Asia, excluding Japan.

Just to remind, the previous Intelli-Jet V™ headbox was installed on the new PM#4 on the bottom wire. The new Intelli-Jet V™ headbox of pondsides 4900 mm and design speed of 800 mpm was made entirely of Stainless Steel.

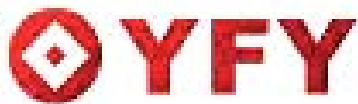

This time the paper mill has ordered the next new Intelli-Jet V™ headbox with the Consistency System and also the Calender. The equipment will be installed on the PM#5 which produces packaging papers. The equipment supply is scheduled to be completed until first quarter 2008.

The Customer chose PMP as a reliable partner in the paper business and also because of so far big impression of cooperation with PMP.
