

## The next successful PMP Intelli-Jet V™ headbox start-up

We would like to announce that PMP successfully delivered the new Intelli-Jet V™ headbox with CP system for Niederauer Mühle GmbH, Germany – April 2006.

Niederauer Mühle GmbH is a leading supplier of white corrugated medium paper. The installation of the new headbox (installed on PM#2) of pondsides 2750 mm and design speed of 850 mpm has brought significant improvement of paper quality as well as machine capacity increase.

The assembly and start-up were finished in April 2006 – according to the schedule.
