# Marcal Manufacturing Starts Up PMP Intelli-Jet V™ Headbox

**Marcal Manufacturing 啓動 PMP 集團 Intelli-Jet V™ 型流漿箱**

PMP is pleased to announce a successful and smooth completion of the replacement and start-up of a twin wire headbox for Marcal Manufacturing, LLC at the end of December 2008.

The PMP Group supplied a single-layer Intelli-Jet V™ Headbox and installed it on the existing twin wire machine, PM#10. The new headbox has a pondside width of 5,520 mm and a design speed of 1,900 mpm. The main goal of the project was quality improvements with both basis weight and formation. The customer was extremely happy with the performance of the headbox and looks forward to future partnerships with PMP.

This project for Marcal is another step in PMP's strategy within America. PMP supplies complete tissue machines and rebuilds and specializes in hydraulic headboxes.

 成功开机后愉快的 Marcal 和 PMP 团队

PMP集团很荣幸的宣布：2008年12月底，PMP集团成功的为 Marcal Manufacturing公司完成了双网流浆箱替换并启动

PMP集团此次提供的是单层Intelli-JetV™型流浆箱，并且安装在原有的10号双网造纸机上。新的流浆箱侧板宽为5520mm，设计车速为1900 mpm。这次项目的主要目的是改善纸张定量和成形效果。客户非常满意流浆箱的性能，并期待下次与PMP集团的合作。
